

# CHROMA'S JO SONJA®

## FACT SHEET

### JO SONJA'S CRACKLE MEDIUM FOR USE IN DECOUPAGE

When using decoupage paper, the following steps are recommended for easy crackle process:-

1. Ensure the item is prepared and sealed using either Jo Sonja's All Purpose Sealer or Gesso.
2. Apply decoupage paper and allow glue to dry.
3. Apply one coat of Jo Sonja's All Purpose Sealer over the paper. This ensures good adhesion of the Crackle Medium to the paper surface.
4. Apply Crackle Medium evenly and generously across the surface – **DO NOT OVERBRUSH**. Use a spreading motion like icing a cake – a spatula or ruler is useful on a flat surface to spread the Medium.
5. Allow to dry thoroughly. Crackle Medium may then be sanded and antiqued to highlight cracks.
