Indian Yellow, Rich Gold, Titanium White

Method

1. Fold Desert Dune cardstock to create vertically opening card.
2. Paint the 150mm x 50mm and 50mm x 35mm peach card with Orange, then while wet, swipe with Indian Yellow. While wet press the swirls stamp into the paint to leave indentations. Dry. Mix Indian Yellow with Titanium White and stamp swirls randomly.
3. Punch corners with decorative punch.
4. Rub Rich Gold around edges of the peach and painted card pieces. Rub Rich Gold around outside edge of Desert Dune card face. Dry brush Rich Gold vertically down the card face sparingly.
5. Adhere the painted card to the larger peach card with Binder Medium. Adhere to Desert Dune as per photo with Binder Medium.
6. Adhere three flower embellishments onto the larger painted card with double sided tape.
7. Mix Rich Gold with Impasto Gel and stencil the butterfly in the upper right hand corner. Daub dots of this mix on the middle of the yellow flowers. Dry thoroughly.
8. Doodle the word 'Friends' on the smaller orange painted card using first the gold then black writers.
